

Our Philosophy and Objectives

Our Purpose

Robina State High School provides every student with the opportunity to build knowledge, skills and creativity to achieve recognised qualifications, active involvement in a strong and vibrant community and enhance lifelong wellbeing. Further, we strive to foster ethical, responsible and globally conscious world citizens.

Our Beliefs

Learners differ in their rates and styles of learning.

Teaching and learning are reflective processes.

Learning occurs best when the learner is personally engaged with relevance to and interest for them.

Learning is an interactive and cooperative process.

The use of technology can enhance the learning process.

Creative and critical thinking skills are essential to effective learning.

Teachers and learners have the right to uninterrupted teaching and learning.

Each of us plays a crucial part in both our local and global community.
