

UNIFORM CODE

This uniform Code is prepared in accordance with the requirements of the Education (General Provisions) Act 2006, Chapter 12, Part 10 (Good Order and Management).

It is consistent with Departmental Guidelines including affordability, security, safety and community expectation issues. It is developed by the Principal in consultation with parents, staff and students.

It provides for standards which are expected in relation to clothing, including headwear and footwear as well as other aspects of personal presentation of the student.

Student Appearance

Like it or not, human nature is such that people make judgments based upon appearance. It is an issue for one's reputation which can be so easily attended to or, equally, so poorly. It is an issue we attend to on important occasions such as job interviews, weddings or funerals. Further, we attend to these issues in a routine way in the workplace. Attending school is no less an important and routine occasion. Consequently, students are expected to be fresh, neat, tidy and modest in their appearance each and every day. Students are expected to wear full school uniform to school and to school functions. Their overall appearance is expected to be in accordance with this code.

There is a range of appearance options for parents and students to choose from. This range is listed below. Many of the clothing items are only available from the School Uniform Shop. Some items are available there or elsewhere.

Our Deans of Students, Year Leaders, Community Liaison Officer, Nurse and Uniform Shop staff members are available to assist parents and students with advice on any student appearance issues.
