

Police Officer

Our resident police officer, Frank Bowie, is an important part of our CARE team. His key role is to be proactive in classroom activities lectures, sporting and musical events, camps and excursions. He also delivers specific presentations on issues such as personal safety, the role of police in the community and property security. He enjoys everything he does, but being involved in sports would have to be one of his favourites.

Recently Frank prepared a video which he presented at the "Working Together for Young People" Conference, which explored how the community sector and government engages with young people Before Frank was posted to our school he was stationed at Surfers Paradise Police Station in general duties. He found it to be a very interesting place as the majority of his shifts revolved around the nightlife of Surfers Paradise. We consider Frank a valued member of the Robina family.
