Coalition of Schools

"Learning Together Shaping Tomorrow"

The Green Heart of the Gold Coast is the Guragunbah - Merrimac-Carrara flood plain area comprised of about 1800 hectares of bush land, grazing land and existing development, including golf courses, through the very centre of the Gold Coast. The Gold Coast Green Heart Coalition of Schools consists of a group of state schools geographically centred around this developing facility which are united in a common educational purpose.

The Green Heart Coalition of Schools includes:

Clover Hill State School

Mudgeeraba State School

Mudgeeraba Creek State School

Mudgerraba Special School

Robina State School

Robina State High School

Springbrook State School

Varsity College

Our Values

Collegiality

Our Green Heart Coalition works in an open and honest way to build strong relationships.

Professional Learning Culture

Our Coalition plans a broad range of learning challenges for all stakeholders.

Lifelong Learning

Our Coalition commits to nurturing love and enjoyment of learning and develops diverse pathways that will improve life chances.

Collaborative Advantage

Our Coalition maximizes the use of available resources and explores new and better ways for doing business.

Differentiation

Our Coalition continually challenges the "Status Quo" to deliver cutting edge curriculum.

Our Goals 2007-2011

- Organising an annual conference relating to the theme "Learning Together, Shaping Tomorrow"
- Providing learning opportunities for staff to assist with the implementation of a Differentiated Curriculum
- Creating sustainable links across the Year 7–8 transition
- Sharing information relating to Students with Disabilities
- Providing opportunities for ongoing networking and professional learning
- Sharing information relating to curriculum, assessment and reporting
- Addressing emerging systemic priorities
- Having an ongoing commitment to innovative use of ICT's and assistive technologies
