

Robina Kingfishers

ROBINA STATE HIGH SCHOOL

BEYOND ROBINA

Over the years Robina High has made strong relationships with several colleges in the US. Players who demonstrate the qualities required to go to that next level will be recommended by our coaching staff to a variety of Colleges where scholarships are also available.

This is one of the great opportunities provided by Robina High's Baseball Program.

Baseball School of Excellence

A SIGNATURE SPORT PROGRAM
OF ROBINA STATE HIGH SCHOOL

Believe & Succeed

ROBINA STATE HIGH SCHOOL

Robina Kingfishers

ROBINA STATE HIGH SCHOOL

BASEBALL SIGNATURE PROGRAM

- Would you like to do baseball as a subject at school?
- Would you like to have friends at school who like baseball as much as you?
- Would you like to travel the world playing baseball?

You can achieve all this and more with Robina State High School's Baseball Excellence Program. At Robina High we have a proud tradition of producing some outstanding baseball players that have gone on to play in major baseball leagues around the world including the United States, Japan and Europe.

Each week we do four lessons of baseball including gym sessions, field sessions and theory classes. We also offer extended training sessions before and after school for our players to further develop their skills.

Field sessions include a variety of drills to enhance players' hitting, pitching, throwing and running; game play; umpiring and scoring. Gym sessions develop players' strength and conditioning sessions build fitness levels and are conducted under National High Performance Coaches. Theory classes focus on player development (both physical and psychological); batting, pitching and throwing analysis; goal setting; nutrition and playing strategies. Students will also complete Level 1 Accreditations in Coaching and Umpiring and will work with professional players, coaches and scouts as they plan their future in the sport.

TRAVEL OPPORTUNITIES

Baseball is a sport played world-wide, and students in our program get the opportunity to play baseball in places they only ever imagined.

Biannually our team travels to Japan to experience a culture where baseball is their national sport. We play against a variety of high school teams, participate in their rigorous training sessions and attend Major League Games and other attractions.

Often we have teams from America, Taiwan and Japan that visit us for training and games throughout the year. These opportunities enable our players to see what it is really like to play against the best.

HOME STAY ARRANGEMENTS

Students who live outside of the Gold Coast region have the opportunity to stay with local baseball families while they attend Robina High. We have a strong International Program at Robina and have members of staff who facilitate home stay arrangements for students from throughout Queensland, across Australia and around the world. All procedures follow Education Queensland practices and this is a program that more baseball families are utilising so that their child can attend Robina High School without it affecting their own lives too much.

PLAYER PROFILES

JOSH WARNER (Pitcher) - Scouted by the Philadelphia Phillies in 2010, Josh is now playing in minor leagues with the aim of one day playing in the Majors. Josh represented Australia in 2010 and was the starting pitcher in the Gold Medal Game at the World U/18 Championships in Canada.

AARON THOMPSON - Represented South Coast, Gold Coast and Queensland as a catcher before focusing on pitching when he then signed with the Texas Rangers in 2009. His first season in their minor leagues was outstanding and he continues to aim to play professionally at the highest level.

LUKE RODI & RHYS NIIT - After showing a lot of potential coming through the junior ranks, both Luke and Rhys were rewarded when they were accepted to attend Trinidad University and play in their Baseball Program. Luke has since gone on to play for a 4-year College in Oklahoma.

TAYLAH WELCH - By far the most outstanding female to come through our program, Taylah represented Australia in 2009 and 2010 at the Women's World Baseball Championships. In 2010 she gained a silver medal after Australia were defeated in the Gold Medal Game.

COREY LYON - a current student at Robina High, Corey's hard work and dedication to his training was rewarded with his selection in the Australian AA Baseball Team who competed at the World Championships in Mexico in 2011. Corey has a bright future ahead and leads by example for the rest of our squad on and off the diamond.
