MARK JOHNMAN SHARES HIS STUDENT FOR A SEMESTER EXPERIENCE
Participating in the Student for a Semester Program at Bond was a really rewarding experience for me. I learnt a lot about the subject I was studying, which in turn helped clarify my future degree choices. I also gained an enormous insight into university in general and feel that my time in the program helped prepare me for my transition from high school into full-time university.

I would highly recommend becoming a Student for a Semester to anyone as it’s a fantastic way to gain invaluable experience into what higher education is all about. I also found that it gave me a headstart and an edge going into my final year of high school. If you participate in the program, you will be really well supported by university staff and will meet some great new friends.
